Los Angeles, California (PRWEB) December 04, 2012

Los Angeles-based recording artist and premier vocal coach, Teri Danz (<http://www.teridanz.com>), announces the relaunch of her website and the release of a new vocal exercise CD, just in time for the holiday season. "Your New Best Friend Vocal Exercise CD" is meant to be just that; a favorite companion of basic exercises to warm-up, strengthen and build the voice for rehearsals, gigs, events, recording and speaking engagements. Based on her years of experience as a recording artist, vocalist and pop vocal coach, Danz brings her real world experience to these simple yet effective warm-ups. Volume One is geared towards sopranos, altos and high tenors.

"This CD not only provides basic vocal exercises, but demonstrates and guides the listener in pop vocal technique, essential for today's hit music. The goal for vocalists is to expand and manage your range, increase tone and resonance, and hit pitches dead on," notes Danz. An industry veteran, she knows what really works onstage and in the studio.

With the relaunch of her website, the breadth and depth of Danz's career distinguishes her as a unique industry expert – a rare brand all her own. Danz, herself a label artist, has recorded and performed extensively; garnering critical reviews for her performances (including opening for rock legend Dee Dee Ramone), 90's club hit on Twilight Records and various recordings with industry heavyweights. As a vocal coach, her roster includes recording artists, singers, vocalists, musicians, comedians, actors, local bands, singer/songwriters, and professional speakers.

In addition, Danz is a published writer and author. Her book, "Vocal Essentials For The Pop Singer: Take Your Singing from Good to Great," (Hal Leonard Corporation) is the go-to primer for pop singers. Her articles have appeared in Electronic Musician, Music Connection Magazine, EQ Magazine, and more. The Singer's Newsletter is Danz's vocal tip monthly email publication (free to subscribers) with articles, performance opportunities and recommendations for products and services.

Danz offers private coaching and production assistance.
